The item will be examined by a recognized expert; if the item proves authentic, the sale will be consumated If the item is not authentic, the sale price will be refunded.

Estimates & Reserves

We have endeavored to include estimates on each lot. These estimates are our conservative opinion as to what we feel a lot may bring. Prices realized may be higher or lower depending on wholesale and retail market conditions at the time.

While the bulk of the items offered in this sale are unreserved, items indicated by a " ★ " in front of the estimate are reserved at the lower price indicated. For example, an item with an estimate **★($250-Up)** is reserved by the consignor at $250.00.

Where non-published reserves exist, the auctioneer may make bids in response to others. Consignors are not permitted to bid on their own lots from the floor. R. M. Smythe reserves the right to include our own material in this auction as well as to bid on any item in this sale. R. M. Smythe & Co. has advanced money (where requested) to consignors and in addition has agreed to advance money to purchasers who have established credit in advance.

CONDITION TERMINOLOGY FOR PAPER

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.

Choice Unc. (Choice Uncirculated - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.

Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.

Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.

AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.

EF (Extremely Fine) - An item which may, at first glance, look uncirculated but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.

VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.

F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.

VG (Very Good) - A well circulated item, complete, unimpaired except for petty edge splits, pin holes, some surface splitting along heavy folds and soiling.

Good (Good) - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.

Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.

Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.

Abt (before a grade) - A shade below the grade it preceeds.

Plus or + (following a grade) - A shade better than the grade.

VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.

In 1881, the National Transit Company, which became one of the most powerful corporations in the country, was organized by the Standard Oil Company to coordinate and assure the flow of its oil through its own pipe transmission line system. With this company, John D. Rockefeller and H. H. Rogers controlled the flow and prices of oil to all major distribution centers.

Huddleston Rogers (1840-1909) was a financier, known as the mastermind of Standard Oil interests. He originated the concept of pipeline transportation. In 1888, a Federal Committee on Manufactures investigating the Standard Oil Trust concluded the following:"...the Standard Oil Trust agreement was a slippery device for evading responsibility." Although they felt certain that refined oil prices were being fixed, the committee was powerless to pursue punitive action against the trustees who swore "they had nothing to do with the business operations of the separate concerns. They simply held the stocks of the various corporations, exercised their rights as stockholders, received and distributed dividends." In 1892, however, the trust was ordered to liquidate.

Henry Morrison Flagler (1830-1913), American oil magnate associated with J. D. Rockefeller, organized the Florida East Coast Railway (1886), and built great hotel resorts in St. Augustine, Miami (1892-96).

Jabez A. Bostwick maintained a large export house, a refinery on Long Island and terminal facilities in New York Harbor. He was also instrumental in making Standard Oil a giant.

SPECIMEN Shares, Mostly Modern

The following lots consist of a group of modern (1920's-1980's) banknote company SPECIMENS of share certificates. These unissued examples all have special serial numbers consisting of zeros, and/or the word SPECIMEN printed in the signature blocks. SPECIMENS were produced for a variety of reasons. They were given out to the legal departments and boards of directors as samples of the finished certificates. The transfer agents and Treasurers of the companies that ordered the certificates kept them on file for comparison purposes in order to detect counterfeits. In later years, larger quantities of some SPECIMENS were produced for promotional purposes. These were used by the institutions that ordered the certificates and by the banknote companies that produced them. The banknote companies also kept files of SPECIMENS as records of what they produced for each customer. The sales department kept them as samples.

In general, the earlier the SPECIMEN, the less likely it exists in quantity. While bond SPECIMENS usually are dated, most share SPECIMENS have no dates. The dates can be roughly determined by researching the year of incorporation or by simply observing the style of the certificate. Past auction records have shown strong prices realized for pre-1920's SPECIMEN shares, and some of the later, more interesting SPECIMENS (Ringling Brothers, Playboy, etc.) have also brought high prices at auction. This is our first extensive offering of modern SPECIMENS and we hope you find them as interesting as we have.

Anglo-Palestine Company "Registered Checks"

7182 ANGLO-PALESTINE REGISTERED CHECK. **5 Francs.** (JTM-CC-12g). First series. Printed by Buchdrukerei Industrie, Wien. **Abt VF**, aging. Stamp cancelled, two punch holes at the left. **(Photo)** *($250-Up)*

The history of this issue is briefly this. In November 1914, the Ottoman Empire entered the First World War as an ally of the Central Powers, Germany and Austria-Hungary. The Anglo-Palestine Company Ltd, was clearly of British origin, and the Turks were not long, given their lack of funds, in coming to seize the bank's assets. All they got was some worthless books. Given the corruption endemic among the Empire's officials and the fact that these circulating checks have Turkish tax stamps on them, it seems likely that the bank officers came to an understanding with the authorities which allowed them to continue in business, albeit in a quasi-clandestine manner. The Company was thus in a position to help out the members of the still small Jewish community, whose businesses had been serious disrupted by war shortages and established trading partners. **These notes may thus be the first Jewish money emitted in modern Palestine.**

7183 Same issuer. **10 Francs.** (JTM-CC-12g). First series. **F-VF**, stamped paid, weakening along the center fold. There are two punch holes at the left. **(Photo)** *($300-Up)*

7184 Same issuer. **20 Francs.** (JTM-CC-12g). Second Series, printed by "Lith Morisohn, Jerusalm." in green. **Abt VF**, aging, two punch holes at the left. **(Photo)** *($300-Up)*

7185 Same issuer. **100 Francs.** (JTM-CC-12g). Second series. **VF**, aging. There are two punch holes at the left.**(Photo)** *($300-Up)*

These notes raise several interesting questions. In what did the managers redeem these notes. Did they have a stock of French Francs on hand that allowed the check's redemption? Or, did they work off of a deposit in neutral Switzerland, since the Turks would hardly applaud the use of an enemy nation's currency within their territory.

7186 THERESIENSTADT CONCENTRATION CAMP. **1 Krone, 2, 5, 10, 20, 50, 100 Kronen.** January 1, 1943. **Unc.** [7] *($100-Up)*

Theresienstadt was the Nazi's Model Prison, which they used to pull the wool over the eyes of inquisitive visitors, while they ruthlessly pursued their "Final Solution" for the Jewish people.

7187 **A Selection of Checks Drawn in the 1917 to 1950 period in the Palestinian Mandate and Israel.** [39] *($200-Up)*

This includes checks drawn on the Anglo-Palestine Company, various private bankers, Jerusalem American Land Co., worker's cooperatives, Bank Leumi, the Anglo-Egyptian Bank, the National Bank of Egypt **et al.** Note the variety of mandate and Isreali tax stamps. SUDAN

7248 KHARTOUM SIEGE NOTE. **100 Piastres.** (P-S105). **Unc**, but backed with laminating cloth on the back. **(Photo)** *($150-Up)*

Issued by General "Chinese" Gordon to pay the Egyptian garrison then under attack from the Mahdi, who was endeavoring to drive the corrupt Egyptian regime out of the country. This siege went on for almost a year, the Mahdi refusing to attack for fear that Gordon would be killed and his own life, according a soothsayer, ended within six months of that event. The British Government, under Gladstone, refused to send a relief force and told Gordon to leave, while the Nile was still open to him. London had no desire to tangle with the 150,000 strong horde of moslem fanatics gathered under the Mahdi's banner. Ultimately, Gladstone was compelled to send an army, the dervishes captured Khartoum and killed Gordon. The Mahdi, giving himself over to debauchery died five months later in a classical example of the self-fulfilling prophecy.

Macerated Currency Items

The U.S. Treasury has always removed and destroyed excessively worn banknotes from circulation. Most were burned, some were shredded, some were buried, but some others were turned into interesting souvenirs of Washington, D.C. Known collectively as Macerated Currency, these fanciful figures are said to contain thousands of dollars worth of Brown Backs. This is one of the largest collections we have had the pleasure to offer. Prices are reportedly rising and we have encountered few of these at shows or in price lists.

7401 **Lincoln Macerated Currency Plaque.** White scupture against a black velvet background with gold lettering. Almost like new, corners slightly worn. *($150-Up)*

The label states "LINCOLN / MADE FROM OLD AND WORN OUT PAPER MONEY. DESTROYED AT THE U.S. TREASURY. THIS FIGURE HAS AN ESTIMATED VALUE IN OLD BILLS OF $1000.00. Washington, D.C."

7402 **Lincoln Macerated Currency Item.** Similar to the bust on the previous lot, but holed, with a red, white and blue ribbon for hanging. Fragments of Brown Backs are clearly visible. *($200-Up)*

A label affixed to the back states "Made of the U.S. Greenbacks redeemed and macerated by the U.S. Government at Washington, D.C. Estimated value at $2,000."

7403 **Macerated Currency Top Hat.** About 2" tall by 3" wide. Scarce. *($250-Up)*

7404 **George Washington Macerated Currency Disk.** 4" in diameter. The front has a bust of Washington and the motto "FIRST IN WAR, FIRST IN PEACE, AND FIRST IN THE HEARTS OF HIS COUNTRYMEN." On the back is embossed "MADE OF MONEY DESTROYED BY U.S. TREASURY ESTIMATED $3,000." *($200-Up)*

"NATIONAL CURRENCY SOUVENIR CO." on back. Very light wear on the high points.

7405 **Capitol Building Macerated Currency Disk.** About 3 3/4" in diameter. Front - Capitol Building and flag. Back - large leaf. "NATIONAL CURRENCY SOUVENIR CO." "MADE OF MONEY DESTROYED BY THE U.S. TREASURY ESTIMATED VALUE $3,000." Excellent condition. Fragments clearly visible. *($200-Up)*

Lighter in color than the previous lot, and note the different back.

7407 **Capitol Building Macerated Currency Disk.** About 3 3/4" in diameter. Capitol Building and flag. Cruder than the previous two examples. The back has a label affixed which states "Made of the United State Bank Notes redeemed and macerated at the U.S. Treasury. Estimated $8,000." *($150-Up)*

Lighter in color than the previous lots. There are two holes and a ribbon for hanging.
